

**Triumphed Over Misfortune.**  
The famous French artist, Gustave Dore, was born and reared in the shadow of Strasburg cathedral, says Mrs. Betham-Edwards, in "The Heart of the Vosges." At the age of eight years he broke his right arm, but became, as if by magic, ambidextrous. As he lay in bed he cheerily drew pictures all day long with his left hand.

**Deep Degradation.**  
"I haven't seen Pilkington for a week." "No, he hasn't been out of the house since his accident." "Was he seriously injured?" "No, but he feels the disgrace deeply." "Disgrace?" "Yes. After living in the heart of the city all his life he went to the country one day last week and was run over by a milk cart!"

As a Sharples dealer, we stand ready—and eager—to prove that the Sharples Suction-feed cream separator does "skim clean at any speed."

We will furnish reports of official tests, conducted by the U. S. Government, State Agricultural Colleges and experts of the dairy industry, that prove conclusively the truth of this all-important Sharples claim.

We do this gladly, knowing that backing us up is the world's largest manufacturer of cream separators—the Sharples Separator Company—with proof upon proof, in black and white, of the remarkable ability of the

## Ford THE UNIVERSAL CAR

The Ford car can well be called the "people's car," because there are more than 3,000,000 of them in daily operation. That is about four to one of the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. Let us have your order for one now to avoid delay in delivery.
